

unique high end audio

PRESS RELEASE

May, 25, 2012: MBL extends production capacities:

To be able to follow the increasing demands as well as to raise efficiency MBL has begun building a new manufacturing hall today.

Throughout these expansion works the manufacturing capacity of the loudspeakers and electronics is clearly raised and generating very modern workplaces allows securing the high quality standard MBL stands for.

Completion of the annex building is planned for the end of the year."

About MBL:

Since its incorporation in 1979, Berlin's MBL Akustikgeräte GmbH & Co. KG has focused on the development and production of state-of-the-art, top-of-the-line audio equipment. MBL's manufacturing plant crafts their unique Radialstrahler loudspeakers and electronic systems by ingeniously combining precision handcrafting with highly sophisticated mechanized production processes. MBL products are available through a world-wide distribution network in over 40 countries. The excellence of MBL and its products in terms of fidelity and build-quality is evidenced by a wide range of distinctions awarded by the international trade press. Prices of complete systems range from € 18,000 to as high as € 400,000.
