

Press Release

Berlin, 20th November 2019

NEW MUSIC HIGH-END INNOVATION

Come and visit MBL at the Hôtel Courtyard – Marriott, in Brussels, Belgium, at Room 209 to experience the MBL Roon Module as part of the „New Music high-end Innovation“ presentation of the 126 Radialstrahler speaker and Noble Line N31 CD-DAC and N51 Integrated amplifier.

The MBL Roon Module is a carefully implemented hardware design with galvanic isolation of all components and groups, 100% developed by MBL's engineering team. It can be added as an option to current models of MBL CD-Player and D/A converters and works together with any Roon server within your LAN.

Mr. Antoine Furbur, sales director will be giving demonstrations and be available for interviews or to answer questions.

About MBL:

Since its incorporation in 1979, Berlin's MBL Akustikgeräte GmbH & Co. KG has focused on the development and production of state-of-the-art, top-of-the-line audio equipment. MBL's manufacturing plant crafts their unique Radialstrahler loudspeakers and electronic systems by ingeniously combining precision handcrafting with highly sophisticated, mechanized production processes. MBL products are available through a worldwide distribution network in over 40 countries. The excellence of MBL and its products in terms of fidelity and build-quality is evidenced through a wide-range of distinctions awarded by the international trade press. Prices of complete MBL systems range from €23,000 to over € 420,000.
